

Hearing you have cancer is overwhelming

For females of child bearing age, future fertility may be of concern. Fertility preservation treatments can help. Ferring Pharmaceuticals has a solution for providing the necessary medications through its Heart Beat Program, available from AllianceRx Walgreens Prime.

One less expense

A donation from Ferring Pharmaceuticals will allow you to receive select fertility products for your fertility preservation treatment at no cost. There are no forms for you to fill out and no financial requirements to meet. Simply have your doctor send AllianceRx Walgreens Prime your prescription and we will take care of the rest.

To qualify

- No financial requirements*
- Female
- US citizen or permanent resident
- Diagnosis of cancer
- No chemotherapy treatment in the last six months
- Oncologist and reproductive endocrinologist determine that fertility preservation treatment is medically appropriate

To enroll in the Heart Beat Program, have your doctor do one of the following:

- Fax enrollment form to 888-347-3417
- Call 888-347-3415
- E-prescribe by searching for our store #16287

*Doctor or nurse must note "Heart Beat Program Patient" on the electronic transfer.

**For more information call
888-347-3415 or visit
